ABOUT THE COLLEGE

Uluberia College is one of the most prestigious Institutions of higher education in Howrah district, West Bengal, with a rich academic heritage and an excellent reputation. Established on 16 August 1948, the college was founded by Sri Haripada Ghoshal, an educationist and school Headmaster who envisioned a centre for higher learning, especially for girls who lacked access to nearby colleges. Starting with only a few students, he worked tirelessly to encourage female education. Today, the college has fulfilled his vision, with female students forming a significant part of the student community. Known for its strong Humanities department, the college offers courses in English, Bengali, Political Science, Philosophy, and History. Over the years, it has adapted to changing academic needs and continues to provide quality education to students from rural, minority, and economically disadvantaged backgrounds.

VISION

Committed to holistic education, Uluberia College integrates technology into its diverse curriculum, fostering critical thinking, creativity, and ethical values through innovative teaching methods and research opportunities. Community engagement, fundamental to our vision, will aim to cultivate social responsibility and global awareness. We envision a tech-enhanced, nurturing, and inclusive campus culture that celebrates diversity, encourages lifelong learning, and empowers students to excel academically, socially, and professionally.

MISSION

Acquisition, Analysis and Application of knowledge for educational excellence. We aim at Knowledge:

Acquisition to address challenges and opportunities of rural communities.

Analysis to critically evaluate information, problem-solving and to integrate sustainable development principles.

Application for sustainable growth through internships, projects, and fieldwork, aligning with sustainable development goals; collaborations with local communities to address specific needs, innovation, and entrepreneurship, focused on sustainable solutions and research initiatives to develop sustainable practices.

FROM THE PRINCIPAL'S DESK:

It gives me immense pleasure to welcome you to Uluberia College, a well-known Institution of higher education in the district of Howrah. Since its establishment, the college has remained committed to providing quality education and fostering the holistic development of students. Owing to its favourable geographical location and academic environment, the Institution attracts students from different parts of Howrah and neighbouring regions.

At Uluberia College, we believe that education is a continuous process of intellectual, moral, social, and cultural growth. The teaching-learning process is guided by the vision of National Education Policy 2020, with emphasis on multidisciplinary learning, skill development, inclusivity, value education, and critical thinking. The college always encourages awareness of Indian Knowledge System (IKS) and promotes the innovation and entrepreneurship through the Institution's Innovation Council (IIC). Along with undergraduate and postgraduate programmes, the institution also offers professional opportunities through the B.Ed. section.

Our dedicated faculty members strive to create a healthy academic atmosphere that nurtures curiosity, creativity, discipline, and social responsibility. The college is supported by strong digital facilities, a proactive IQAC, and a rich library that encourage learning, research, and academic excellence. Through seminars, workshops, NSS, NCC, cultural activities, and extension programmes, students are encouraged to develop leadership qualities and community awareness. The Institution has also built up a meaningful academic ecosystem with local schools to strengthen educational outreach and collaboration. Alongside academics, the college actively nurtures a vibrant socio-cultural temperament that encourages harmony, creativity, and participation in the larger community.

Environmental consciousness and eco-friendly practices form an important part of campus life. The Institution remains committed to sustainability, inclusivity, women's empowerment, and the promotion of ethical and humane values. We believe that education should inspire students to contribute meaningfully to society while upholding the spirit of nationalism, social harmony, and national integration.

Keeping in mind the vision of Viksit Bharat 2047, Uluberia College aims to prepare students to become responsible, skilled, and socially conscious citizens capable of contributing to the progress of the nation.

I warmly invite all aspiring students to become a part of the Uluberia College family and embark upon a journey of learning, growth, and self-discovery.

Dr. Lipika Mandal
Principal, Uluberia College
